#### INTRODUCTION

Hong Kong Outstanding Students Artist Award (OSA Award) is established in 2015. OSA Award aims to foster the development of School Art by exploring the individual creativity and potential of secondary-level students by giving recognition to outstanding artistic works selected by art professionals. On the other hand, the award aims to reflect the current spectrum of School Art, that has grown from traditional mediums such as painting and sculpture to more conceptual expressions using wider range of mediums.

#### VISION AND MISSION

The OSA Award is founded by a diverse group of professionals in the art industry, including educators, artists, art collectors and art promotion professionals. To enhance the credibility of the award, the jury panel will consist of art professionals, practitioners and university educators.

The OSA Award encourages students to develop their individuality and creative style by exploring various creative approaches, media and solid research and development. Unlike many existing student art awards that give awards based on one particular artwork submission, the OSA Award reviews portfolios of the applicants and selects the outstanding entries that reflect the students' abilities, styles and creative processes as artists. The OSA Award is also a cross-background platform where students from different schools and curricular backgrounds are welcome to participate, including students who did not take visual art in school, as we hope to create a platform for students with different backgrounds to compete and exchange ideas.

Organised by

art-at-all is a non-profit art organisation founded in 2008. We strive to develop art-at-all levels by organising art exhibitions, performances, forums, seminars and education programs.

By injecting the art-at-all concept to various spaces such as galleries, factories, schools and public spaces, we promote art-at-all forms and create platforms for emerging local creators of visual, mixed-media and interactive forms. In 2014, art-at-all initiated a series of art education programmes such as artist residencies in school, the OSA Award and also organized seminars, talks, guided visits and exhibitions for secondary students and the OSA alumni.

## THE OUTSTANDING STUDENT ARTIST AWARD OF HONG KONG

### OSA ALUMNI

After the first OSA Award in 2015, we have gathered our first group of alumni who benefit from opportunities connecting with the Hong Kong art world through private guided tours at art shows, workshops and seminars with art professionals. Some have joined the award committee as alumni representatives. We aim to continue connecting these promising artists to the art world and coach them to be local art champions.

### YOUR SUPPORT MEANS A LOT TO US

The first Outstanding Student Artist Award of Hong Kong (OSA Award) had successfully launched in July 2015 with an art exhibition for the finalists and three students visiting the "56th Venice Biennale".

We are now raising funds for the 2024 OSA Award and alumni programmes. The more the donation we receive, the more the number of students will receive the sponsorship.

## THE OUTSTANDING STUDENT ARTIST AWARD OF HONG KONG

### Donation Form

#### YOUR SUPPORT MEANS A LOT

With the kind support of the juries and committee members and generous contribution from the donors, the 1st and 2nd Outstanding students Artist Award of Hong Kong (OSA Award) has successfully launched in 2015 to sponsor 11 selected student artists to visit the "56th and 57th Venice Biennale" and organize group shows for the 34 finalists.

With the vision to nurture creative talents & outstanding artists for the future art generation of Hong Kong, we will continue to raise fund for the OSA Award, such that it can be sustainable as an annual event and more student artists can be benefited by visiting oversea international art exhibitions. This year we aim to raise HKD\$200,000 for the award. Since we will not set the total number of awardees, the more the donation we receive, the more the number of students will receive the sponsorship.
